2. I'll keep them here for the meeting and then we can talk about how where we go from here.

Based on the area (18 sections or 18 miles impacted), we'll probably need more resources. The vegetation is very dense.

Will flip a few photos from today. I don't have an FPN yet, wasn't sure how to do that with multiple potential RPs. Roberto told me to wait and talk to ya'll.

Certainly. It's at 11 am at the Lone Grove City Hall, easy to find – its on the left side of Hwy 70 out of Ardmore.

I believe the address is 17817 Hwy 70

OCC is inviting the RPs (they estimated at least 6).
